5th Annual Hudson Valley Pet Expo and Wellness Fair

Sunday, April 5, 2009—SUNY Ulster, Senate Gymnasium

Come and see P.A.N.T. at the SUNY Ulster Veterinary Technology Club's 5th Annual Hudson Valley Pet Expo and Wellness Fair on Sunday, April 5th from 10:00 a.m. to 4:00 p.m.

The fair will feature local veterinarians giving mini-lectures with a Q & A on various topics such as senior pet wellness, avian nutrition, and equine lameness; dog demonstrations of agility, massage, obedience, and tracking; information tables on toxicology, parasites, nutrition, behavior and more. There will be booths featuring area pet related rescues, clubs, and businesses and a basket raffle as well!

The Wellness Fair will offer rabies vaccinations at \$8.00 and microchip implantations at \$30 each. (Rabies vaccines are required by law. The Vet Tech Club will be administering 1 and 3 year rabies vaccines. If you would like a 3-year vaccine, you MUST bring proof of a current unexpired rabies vaccine.)

Proceeds from this event will be used to purchase and donate pet oxygen mask sets for area first responders, to purchase live traps for utilization in our feral cat trapping program, to purchase and donate a microscope for the UCSPCA, and to subsidize other club projects and functions.

Admission to this event is FREE, but donation jars will be placed throughout the facility.

[More About SUNY Ulster's Veterinary Technology Club](#)

Founded in 2003, the Veterinary Technology Club at SUNY Ulster promotes awareness of and appreciation for veterinary technicians and to benefit animals in the community. The Vet Tech Club accomplishes this mission through on-site and off-site education programs and fund raising events. The money raised at the annual event is used to fund their feral cat spay/neuter release program, to purchase and donate equipment and supplies for area organizations, and to host continuing education seminars for area veterinary personnel.

WANTED: Donated Storage Space for P.A.N.T. Supplies

P.A.N.T. is in need of storage space for a sundry of items, including our adoption outreach supplies and also cat traps. An appropriate space would be approximately 4'x8'. Adoption outreach supplies would need to be accessed about once a month as we pick them up and drop them off. The space would need to be somewhere in the Poughkeepsie area.

If you have or know of anyone who has a space they can donate to P.A.N.T., please contact Joan Trombini at joan@pant.org or 845-486-7075, ext. 3.

[Another Fun Event to Take Note of](#)

P.A.N.T. is excited to participate in the 1st Annual Pet Palooza and Dog Walk June 13th from 11:00 a.m.—4:00 p.m. at Poet's Walk in Red Hook, brought to you by Jennifer Morris of Pre-Furred Pet Sitters Professional Pet Care and Scenic Hudson.

Look for the detailed description for the 1st Annual Pet Palooza and Dog Walk in our next e-newsletter!

Josie Finds a Home!

Josie finally went home in the middle of March. She was found with a broken leg in the streets and no other rescue would help (the person who found her was told to either pay and get her treated herself or to dump the cat where she found it). PANT to the rescue! After extensive surgery, Josie recovered and found a wonderful new home. Hooray for Josie! Hooray for Josie's new family!

Josie

Isaiah Needs a Home

Isaiah is a gorgeous, big (12 lb) 10 month old kitty who is as lovable as he is beautiful. He has beautiful gray stripes with patches of white and brown. He's great with kids, cats and even dogs. Isaiah is playful and well behaved. Isaiah and his sister, Isabella, had to leave the home they've had since they were 8 weeks old because as they got bigger for some reason a family member became allergic to them. The family was very upset about giving them up and these two lovely cats are upset too, but we all know there is a great, new home out there for them.

Isabella already found her new family, but now Isaiah needs his! Isaiah is fully vetted, neutered/spayed, tested negative for Leukemia and AIDS, vaccinated and dewormed.

If you are interested in meeting this lovely cat, please complete our online application at www.pant.org. If you would just like more information, please email Joan@PANT.org. Or if you cannot email you may leave a message at (845) 486-7075 Ext. 1.

Tick Season is Upon Us, Patricia Santmire

Warmer weather is just around the corner, don't forget flea and tick protection for your pets. It's important to start early on prevention. Ticks have been already spotted on dogs this year. Prevention is the best measure to help ensure your pet's health is protected from Lyme disease and other tick-born diseases.

If you don't start early on flea prevention, you may be faced with a very expensive extermination mid-summer. Start early and avoid all the nuisances of external parasites like fleas and ticks this year.

Patty Santmire is a licensed Veterinary Technician and owner/operator of Patty's Pet Palace, located on Old Albany Post Road (Route 9) in Rhinebeck.
